

Canyon Creek (CC) Spring STEM Fair Registration Form

Background: The CC PTA STEM Committee is hosting a Spring STEM Night on Tuesday, April 24th from 6-8 pm in the Canyon Creek Gym. The event is an opportunity for any student to complete a STEM-related project, display it and discuss their findings with their peers, parents and teachers. Let's get our kids engaged in science, technology, engineering and math! Add an art component to make it a STEAM-related project!

Rules:

- Any CC student can participate (grades K-5)
- Upon RSVP, a poster display board, information packet/resource list will be provided
- Projects can encompass any topic relating to science, technology, engineering, math and/or art. Ideas include creating a diorama, teaching your audience about something you learned, creating an art project, engineering a new design, designing your own experiment, etc.
- Students should do their own work with minimal supervision/assistance from parents
- By filling out this form, students are committing to participating and parents are committing to getting their child(ren)/projects to STEM night
- Projects must be delivered to the gym between 3:30 - 5:45 pm on Tuesday, April 24th

Please complete this form if you would like to reserve a space for the Spring STEM Fair. Please return completed forms to school.
